

THE NEW YORK HERALD.

WHOLE NO. 8043.

MORNING EDITION—SATURDAY, SEPTEMBER 11, 1858.

PRICE TWO CENTS.

THE STATEN ISLAND REBELLION. AFFAIRS AT QUARANTINE.

Dr. Thompson, Justice Welsh and Others
Burned in Effigy.

Arrival of the Advance Guard of
the Army.

THEIR RECEPTION BY THE REBELS Proceedings of the Castleton Board of Health,

50c. 60c. 80c.

ANOTHER EXCITEMENT AT QUARANTINE.
BURNING IN EFFIGY OF DR. THOMPSON, ERASSTUS BROOKS, HENRY J. RAYMOND, MRS. JACOB UHL, JUSTICE WELSH AND JACOB LAFARGE—THE POLICE TURNED OUT FOR AN ASSAULT—THE CREW OF THE UNITED STATES FRIGATE SARINE ALSO ON HAND.

Simpson and the Quarantine vicinity were the scene of considerable excitement during Thursday night, occasioned by the burning in effigy of several of the noted individuals who have taken part in opposition to the citizens of Staten Island on the Quarantine difficulty. Up to 8 o'clock everything remained quiet throughout the village of Steeples and likewise within the Quarantine enclosure. The police had nearly all retired to their quarters, anticipating a comfortable night's rest. Late in the afternoon an extra force of police had been despatched from the city by Deputy Superintendent Carpenter, who likewise had calculated upon having a quiet night of it, and a safe return home in the morning. Twenty-five extra marines had during the afternoon been also despatched to the public stores, by order of Collector Schell, and they, too, had quartered themselves for the night, with the exception of those on post. About half past eight o'clock quite a noise was heard at the middle landing, Tompkinsville, and in response to the shout, on the guns of both the two landings, we there found about one thousand men and boys, cheering and yelling at the top of their voices, apparently in a terrible state of excitement. The party were nearly half Germans, who apparently were the ring-leaders. Mixing in the crowd, it was found that they were about burning in effigy some half a dozen individuals, residents of Staten Island and New York, opposed to the removal of the Quarantine buildings. A signal was shortly given by the leaders, and the crowd were ordered to fall into line for a visit to the Quarantine enclosure. They were not long in obeying orders, and with the several rifles supported on poles, marched up Tompkins Avenue, leading to Simpson, headed by drums.

The report of the Health Officer was accepted, and the following resolution was adopted by the Board:

Resolved, That the Health Officer confer with the counsel to this Board, and take all measures to compel the three remaining members of the Board to appear before him, to account for their conduct in the matter, and to cause them to be removed from the buildings, viz.—Raglan's row—to be demolished, some of the occupants of said row have complied with my order, and I am satisfied that they will do so now; but they could not procure residence elsewhere. I think it important that they should be evicted, and advise that a temporary shelter be erected for them within the Quarantine grounds.

The Mayor said the Commissioners were quite satisfied on this point.

The remaining part of the night passed very quietly, and in the morning the extra force of police returned to the city.

AFFAIRS AT QUARANTINE YESTERDAY.

The rebels were remarkably peaceable yesterday. The Castleton Board of Health held a meeting at Burns' Hotel in the afternoon, and disposed of some important business. The Health Officer of the district—Dr. Munday—made the following report relative to the ventilation and fumigation of the infected houses in Raglan's row:

To the LIBERAL BOARD OF HEALTH OF THE TOWN OF CASTLETON.

GENTLEMEN.—Since the last meeting of your Board no new cases of fever have been reported in the town, to accordance with a resolution of our honorable Board of Health, to close the buildings, viz.—Raglan's row—to be demolished, some of the occupants of said row have complied with my order, and I am satisfied that they will do so now; but they could not procure residence elsewhere. I think it important that they should be evicted, and advise that a temporary shelter be erected for them within the Quarantine grounds.

The Mayor said the Board were opposed to the erection of any temporary shelter, because they could not give place to it, and that the cost would be money thrown away. But if a tent would be of any accommodation to the apothecary, the Board would provide him with one.

This was agreed to, and there being no other business before the Commissioners, the Board adjourned.

ED. J. MUNDAY.

The report of the Health Officer was accepted, and the following resolution was adopted by the Board:

Resolved, That the Health Officer confer with the counsel to this Board, and take all measures to compel the three remaining members of the Board to appear before him, to account for their conduct in the matter, and to cause them to be removed from the buildings, viz.—Raglan's row—to be demolished, some of the occupants of said row have complied with my order, and I am satisfied that they will do so now; but they could not procure residence elsewhere. I think it important that they should be evicted, and advise that a temporary shelter be erected for them within the Quarantine grounds.

The Mayor said the Board were opposed to the erection of any temporary shelter, because they could not give place to it, and that the cost would be money thrown away. But if a tent would be of any accommodation to the apothecary, the Board would provide him with one.
